

YUVA
UNSTOPPABLE ALLIANCE

**I am RealISTIC.
I Expect Miracles ●●●**

VISION

To transform 10,000 schools in India and impact 5,000,000 children.

To Enhance Self-Belief, Gratitude and Compassion of the children and all the stakeholders

Everyone has the right to proper sanitation and access to technology

Everyone has right to have better sanitation and technology!! In India, there are 1.3 million government schools and almost 260 million kids are studying in these schools. 88% of the rural schools don't have hand washing stations and soaps. 56% don't have functioning toilet facilities. More than 60% of rural India is yet to be digitally connected.

Yuva Unstoppable is a 501(c)(3) non-profit which has benefited over 1500 schools and 600,000 underprivileged children across 41 cities of India. We are working with 100 top corporate companies (HDFC Bank, UPS, Indigo, HDFC Securities, Coke, 3M, IBM, Google, Hexaware, Adani, Reliance, Unicef, United Way, and others) to transform government schools (better toilets, improved drinking water, scholarships, digital literacy, value-based training, etc.). KPMG audits financials and Deloitte reviews processes. In 2015, we received Innovative Philanthropy Prize by Prince Albert II of Monaco where Jack Ma was one of the finalist. In 2017, we were awarded an IBM Impact grant. Statesmen like Prime Minister Modi & Late President of India, Dr. APJ Kalam; Bollywood Legends like Akshay Kumar, R Balki, Rakeysh Omprakash Mehra; Cricketers VVS Laxman & Sir Ian Botham; Authors Jeffrey Archer & Chetan Bhagat; Global leaders like Paul Polman (Unilever CEO), Gautam Adani, among others have participated in Yuva initiatives to inspire all.

ABOUT OUR FOUNDER

Amitabh Shah launched Yuva Unstoppable, 13 years ago at a mere age of 23. After completing his MBA from Yale, he turned down a Wall Street offer from JP Morgan to work on the streets of India. Amitabh is the recipient of one of the highest awards officially recognized by US House of Representatives and Senate - The International Ellis Island Award at Statue of Liberty in May 2019. Previous winners have been Bill Clinton, George Bush, Boxer Muhammad Ali, Rosa Parks, Ajay Banga (Master Card CEO), Golfer Arnold Palmer, Lee Iococa, Mrs. Indra Nooyi, Noble Prize Winner Malala among other legends. He is a celebrated inspirational speaker on topics like Kindness, Gratitude and the Power of self-belief and he has been winning hearts with his presence at Ted Talks, Yale, Wharton, YPO/WPO Forums, United Way's Million Dollar Roundtable, etc. He is the 2019 - Iconic Youth Award recipient by The Rotary International for mobilizing youthful energy and bringing lasting change in education institutions across India.

ABOUT OUR CHAIRMAN (NON-EXECUTIVE)

Mr. Abhi Shah is a celebrated entrepreneur and philanthropist, named Entrepreneur of the Year in 2015 by Ernst & Young, Best in Business International Awards (Gold Winner), and European Business Awards (National Champion for the UK) as well as named 'Maverick of the Year' and 'Executive of the Year' by The American Business Awards. Abhi is an MBA from Harvard and has also completed the Eisenhower Leadership Development program led by former US President George H.W. Bush. He is the Vice-Chairman of the Board of Morae Global Corporation, the legal and compliance powerhouse formed by the merger of INC. 5000-listed Clutch Group, a leading Artificial Intelligence - powered Big Data Analytics firm and Morae Legal, a full-service legal consulting and solutions provider. He has been featured on CNBC, Bloomberg, and Fox Business, The Wall Street Journal, Barron's, and a dedicated Harvard Business School case study.

CHOOSE TO BE UNSTOPPABLE

- ▶ We ensure maximum output from a minimum input!
- ▶ *The costs and bifurcation are a rough estimate and can vary according to the individual requirements of the school
- ▶ *Allocation of fund are done on priority basis,priority wise particulars are mentioned in blueprint
- ▶ * Once the schools are finalised, individual estimate will be made as per requirements schoolwise and hence budget may vary 20-30%.

POST MAINTENANCE

- ▶ Maintenance by Yuva team for 6 months. We expect the first 6 months to be the most crucial months and during this time a dedicated Yuva team member makes regular visits to the school to check the maintenance.
- ▶ Behavioral change in Students through awareness sessions.
- ▶ After the development of Infrastructure, Students will be constantly motivated to do activities for keeping the surrounding clean, throw the garbage in dustbin etc.
- ▶ If required, a sweeper will be appointed who will be paid a salary to maintain the cleanliness (this salary will be a additional amount of ₹ 50,000)
- ▶ The supervisor will visit the school every month and submit a quarterly report to the company and also ensure that the trainings are conducted on time.
- ▶ Municipal Schools have the majority of the students and this is the most crucial place for a child's development. It is the school, which teaches them importance of defecating in toilets. Hence, providing them with proper infrastructure is the starting point for a better, cleaner India.

CAPACITY BUILDING SESSIONS

Sr.No	Topic	Sub-topic	No. Of sessions
1	Health & Hygiene	Daily routine habits	1
		Hand Wash (One for practical as well)	1
		Menstrual hygiene management	1
2	Mental Growth	Gratitude and Self - Belief	1
		TOTAL SESSIONS PER SCHOOL IN A YEAR	4

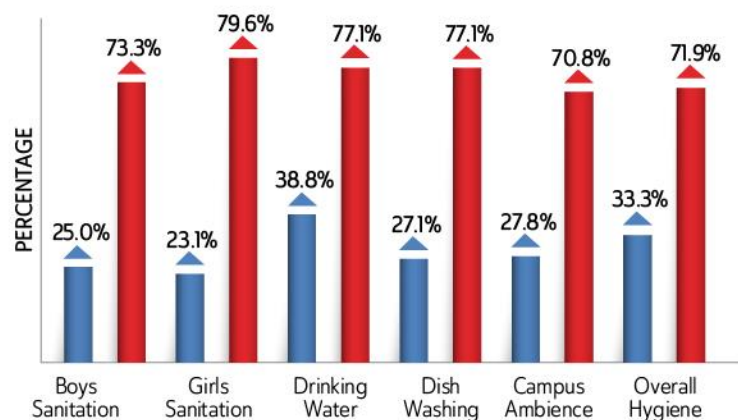

**IF YOU'RE

IMPACT ASSESSMENT

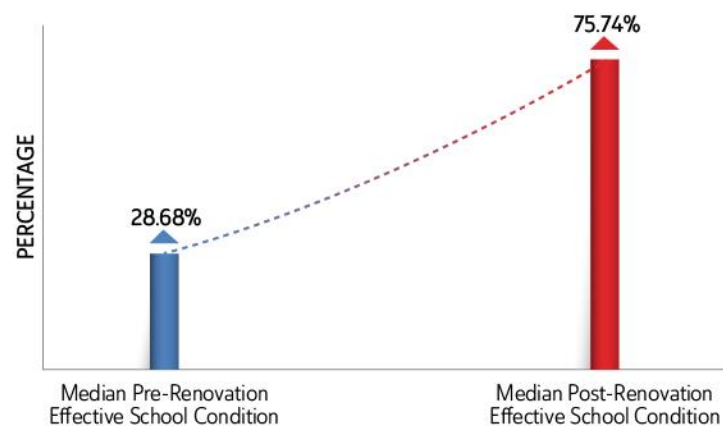

The post survey study for impact assessment for the overall infrastructure upgrade indicated at least a 35% improvement in each of the factors considered for the study.

Improvement of **at least 35%** in each factor of the overall assessment

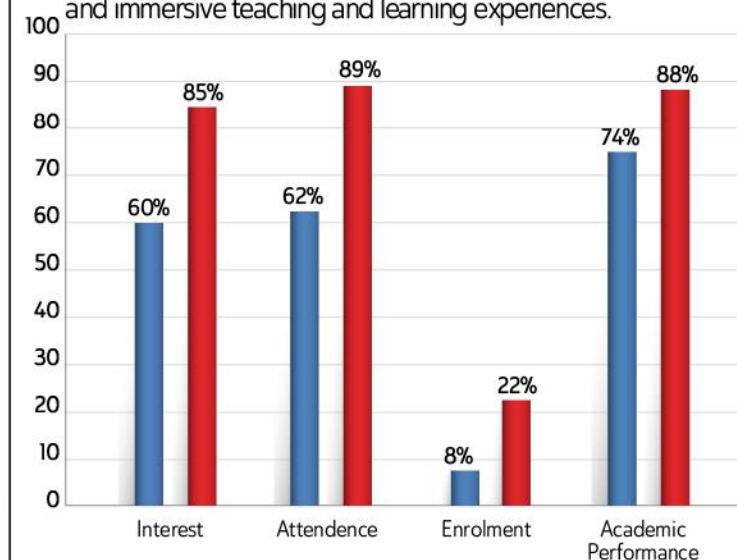

■ Pre Survey Result ■ Post Survey Results

A post-survey conducted for 50 schools to measure the overall impact of infrastructure redevelopment. The casual attitude of the children who often remained absent had started to change. The students attendance and willingness to learn increased manifold.

Overall infrastructure standards have improved by **47.06%**

The classroom environment is not only a place to house books, desks, and materials, but also a place where teaching and learning activities becomes easy and effective. Smart classrooms are where teachers and students can practice rich and immersive teaching and learning experiences.

For improved sustainability we advise providing chrome books and a Google certified trainer for 1 year

4. Honorable Former President of India– Late Shri APJ Abdul Kalam

6. The Prime Minister of India –Shri Narendra Modi

TESTIMONIALS

School Principal, Ellisbridge School No. 16

After Yuva Unstoppable started the Evolution work in our school, we saw an immense difference in the behaviour of the children who come here to study. They now love the school and are eager to come here. In the past, they hated the dirty walls and the poor sanitation facilities. But now, when Yuva Unstoppable painted the school with bright colours, it has brought in sunshine in the lives of these little children.

Purvi Patel, Shahibaug Shala 1,2

I am so happy and thankful to Yuva Unstoppable for making good toilets for us. Before, because of dirty toilets I would go to washroom only once, but now I can go as many times as I have to without holding my breath. I am proud to study in a school which has clean toilets.

Dimple Patel, Teacher, Koba Primary School

In this era of digitization and growing competition among school going students, it is pivotal that the kids of Municipal schools get the privilege of getting acknowledged with Digital Literacy so that when they complete their 8th Grade and take admission in private school, they must be well aware and sound to compete with other students. Our students today have extreme amount of zeal to benefit through smart class at optimum level. We are grateful to YUVA Unstoppable for providing Smart class facility, which is a boon to our school.
